

Total Flexibility is what we offer you!

Our designs allow you to build the building of your choice not the building that someone may want to sell you.

Size We have a standard range of building dimensions that typically cover all applications, however, if you have a specific size we can match this perfectly.

Roof Styles Skillion, Gable, Hip-Roof, Dutch Gable, Barn, Nu-Wave and Curved designs are available with roof pitch adjustable to suit your requirements.

Roofing Profiles BLUESCOPE COLORBOND® or ZINCALUME® is available in both trimdeck or custom orb, fixed at the crest of each rib for the prevention of leaks with colour matched fasteners.

Gutter BLUESCOPE COLORBOND® or ZINCALUME® are available in both squareline or Hi-front Quad with matching Barge Capping.

Ridge Capping BLUESCOPE COLORBOND® or ZINCALUME® is available in both 3 break Ridge or the Roll top version scribed into the roof profile for the prevention of leaks.

Wall Cladding BLUESCOPE COLORBOND® or ZINCALUME® is available in either Trimwall, Multiclad or Corrugated Wall Clad. Fixed as per manufacturers' recommendations with colour matched fasteners.

Doors A complete range of B&D Rollerdoors or alternate brands, sliding doors, sliding glass doors, flat COLORBOND® personal doors, hinged barn doors or stable doors available.

Windows A comprehensive range of sliding aluminium or glass louvres powdercoated to match the wall colour and flashed to prevent water penetration.

Skylights Standard fibreglass or polycarbonate roof panels easily substituted for roof sheets.

Insulation Lightweight Antiglare Foil or Building Blanket Plus Foil with wire supports or thermal cellular insulation is available upon request.

Ventilators Turbo roof ventilators or ventilated ridge capping available on request.

Designer Features Placing fancy gable infills, Colonial roof accessories, feature brick panels or texture coated finishes are available. Talk to our staff and ask how we can customise your building so it doesn't look like a plain shed.
